Why Steinbach

Steinbach serves a regional trading area base of 150,000 plus with an aggressive growth strategy, supporting Southeastern Manitoba to those who come to work, shop, learn and play.

Manitoba's fastest growing city

Steinbach consistently exceeds provincial growth averages, and is actively shaping the future of Southern Manitoba..

Conveniently located just 64 km from Winnipeg with four lanes all the way to our capital, Steinbach is a gateway to commerce and recreation, attracting thousands from outside the city.

With many passing through on their way to the United States, Ontario, or the vast recreational area of the Sandilands Provincial Forest, Steinbach serves as a vital shipping and travel corridor.

Steinbach has doubled in size since 1996. Its high standard of living, low taxes, quiet neighbourhoods and quick commutes offers families the amenities, lifestyle, and connection to community they're looking for.

And Steinbach is the ideal location for Southeast Manitoba's go-to event centre, where your business will benefit from maximum exposure.
